

Discussion questions for personal or growth group use:

Question 1: Do you believe that God can speak to you through his Word in the bible?  
Have you experienced this yourself?

Question 2: Can you think of some of Jesus' words which you would write into an instruction manual on how to live our lives?

Question 3: If someone said to you "you can't possibly believe the bible is true because it was written so many years after the events described had happened", how would you answer them?

Question 4: It has been said that "the bible was not given to increase our knowledge: it was given to change lives" and "the bible is not for information but for transformation". What did they mean by this? Do you agree? Have you yourself had any experience that this is true, even in a small way?
